**Operator Services Discontinuation Information...**

Pending federal and state regulatory approval where applicable, Frontier Communications will discontinue operator service features Busy Verification (BV) and Busy Interrupt (BI) effective June 1, 2018. These services will be discontinued throughout Frontier's service territory nationwide. Please note that this discontinuance is for the BV and BI features only and does not include all operator services.

The FCC will normally authorize this proposed discontinuance of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the 63.71 Application of Frontier Communications. Comments should include specific information about the impact of this proposed discontinuance upon you or your company, including any inability to acquire reasonable substitute service. You may also contact us in writing at Frontier Communications, P. O. Box 5166, Tampa, FL 33675.
